

2014 Membership Opportunities and Benefits

Starting in July 2014, CommonWell Health Alliance™ will be offering two primary membership opportunities: Contributing and General Memberships.

Contributor Membership

Contributing Members are the foundation for the Alliance. This membership level, which includes the seven Founding members, provides the guidance and governance for the Alliance. Participating as a Contributing Member will allow you to quickly receive access to and benefits of CommonWell's standards and services as they become available.

Expectations

- Plan to support the design, development and application of technology that implements and complies with CommonWell specifications

Benefits

- Eligible to Chair, be a member of and vote in Committees and Working Groups
- Potential to be nominated and elected to the Board of Directors, when additional Board seats become available
- Ability to participate and vote on substantive issues, policy matters and official positions within your respective Committees prior to final adoption by the Board
- All benefits available to General Members

General Membership

General Members play a vital role in CommonWell Health Alliance. At this level, members have the opportunity to propose revisions or proposals for specifications, test suites and design guidelines of the Alliance.

Benefits

- May attend and participate in an advisory capacity in Committees and Working Groups
- Have the right to submit proposed revisions or proposals for Specifications, test suites, and design guidelines of the Alliance
- Have access to generally available technical support with regard to any then-supported Specification, test suites, and design guideline of the Alliance
- Have access to generally available support documentation and materials concerning any then-supported Specifications, test suites, and design guidelines of the Alliance
- License rights as specified in the Membership Agreement or as otherwise specified by the BOD

For all membership categories, proposed changes to specifications and approved use cases are subject to committee and Board approval, and the use of Alliance specifications are subject to the specifications licensing terms and conditions.

2014 Membership Dues

As we are a not-for-profit funded by our membership fees, membership dues will be based upon an organization's annual US revenue. Available commercial services require applicable Commercial and Certification fees.
